EXPLANATORY NOTE.

THE NATURE OF THE TRADE RECORDED.

The trade dealt with in the attached figures is the sea-borne trade of the Chief port, Karachi, and the sub-ports, Ketī Bandar and Sirganda, in the Province of Sind with each other as well as with other Indian ports and foreign countries. Merchandise transhipped at these ports for conveyance elsewhere and to Customs ports (transhipment to foreign Indian ports in Native States being prohibited) is omitted from the statements.

Explanation of Imports and Exports.—Imports include goods landed for home consumption, bonding or eventual re-exportation and such articles in passengers' luggage as are dutiable.

Imports and Exports from and to foreign countries by parcel post are included, but the contents of registered letters are not included.

Imports and Exports of Gold and Silver Coin and Bullion are recorded separately and are not included in the figures of Merchandise.

Government transactions are also dealt with separately.

Quantities and Value.—These are based on the declarations of importers and exporters in Bills of Entry and Shipping Bills as subsequently verified by Customs officials. The weight recorded is the net weight, *i. e.*, not including the weight of the receptacles or covers in which the goods are packed. The values of goods as defined in Section 30 of the Indian Sea Customs Act represent—

- (a) the wholesale cash price, less trade discount, for which goods of the like kind and quality are sold or are capable of being sold at the time and place of importation or exportation, as the case may be, without any abatement or deduction whatever, except (in the case of goods imported) of the amount of the duties payable on the importation thereof; or
- (b) where such price is not ascertainable; the cost at which goods of the like kind and quality could be delivered at such place without any abatement or deduction except as aforesaid.

Classification of the trade by Countries.—Imports are classified as received from the countries whence they were shipped *direct* to India and are not credited either to the country of production or to the country of original consignment, which differ from the country of direct shipment in the case of merchandise which has its origin or is purchased in one country and is transhipped at the port of other countries or conveyed through other countries by rail for shipment to India.

Exports are ordinarily credited to the country containing the port of destination as declared by the exporters in the Shipping Bills, whether carried there direct or after transhipment. Until the year 1903-04, goods declared to be for Port Said but really intended for transmission to ports beyond the Canal were shown as exports to Egypt. Since that year, however, exporters have been intimating the actual port of destination of such shipments, which are accordingly classified in the returns, with the result that the figures of exports to Egypt have been considerably reduced.

Grouping of Articles.—In the tables of the Foreign Trade, the articles are grouped under the following main heads:—

- I. Animals living.
- II. Articles of Food and Drink.
- III. Metals and Manufactures of Metals.
- IV. Chemicals, Drugs, Medicines, Narcotics, Dyeing and Tanning Materials.
- V. Oils.
- VI. Raw Materials and unmanufactured Articles.
- VII. Articles Manufactured and partly Manufactured.

The sub-heads and items specified thereunder are in alphabetical order. (A complete list of all the items specified is attached to this note.)

The term "Indian Merchandise" comprises all goods which are of the growth, produce or manufacture of India. Indian merchandise is distinguished from British or foreign merchandise in the declaration of shippers made in the Shipping Bills from which trade statistics are compiled.

Arrangement of Tables.—The volume is divided into three parts—

Part I contains tables relating to trade with foreign countries.

Part II contains tables relating to the coasting trade; that is, trade with ports in India whether British or not;

and

Part III relates to shipping, both foreign and coasting.

Part I.—Foreign Trade.—In Part I there are 18 tables, in all of which figures are compared for a period of five years. Tables 1 and 1-A are abstracts of total values of Merchandise and Treasure imported and exported for the whole Province, with the share of the chief port, Karachi, and that of the sub-ports, exhibited separately. Table 2 shows the imports and exports of Government Stores and Treasure from and to foreign countries. Tables 3 and 4 show the value of the Import and Export Trade, respectively, of the Province with each country. Tables 5, 6 and 7 are abstracts of trade of the chief port Karachi, in each article, sub-heads and detailed heads having a less value than one lakh of rupees being merged, the former in the main head and the latter in the sub-head. When the total value of all the detailed and sub-heads under a major head is less than a lakh of rupees, the major head is omitted and the figures are merged in "Other Articles" of the class to which it belongs. Tables 5-A, 6-A and 7-A show the total value of the trade of the sub-ports taken together. Tables 8 to 11 deal with Customs Duty collections, Refunds and Drawbacks, the articles in table 9 being arranged in accordance with the latest tariff schedules. Table 12 shows the value of such dutiable articles as have been passed free for specific reasons, articles having a less value than Rs. 1,000 being shown under "All other Articles of Merchandise." Table 13 gives the quantities of dutiable articles remaining in bond at the end of the year.

Tables 14 and 15 deal with Imports and Exports of Treasure. Tables 16 and 17 give particulars of Imports and Exports from and to each foreign country for the Province as a whole, the trade with the different countries being detailed under each article. In these tables, where there are two or more countries with which the trade is unimportant, i.e., with a value of less than Rs. 1,000 in each case, the countries have been grouped under the head "Other Countries." Also, when the value of the trade under any major, subordinate or detailed head is less than Rs. 1,000, it has been merged in the case of major heads in the head "All other Articles" of the class to which it belongs and, in the case of subordinate or detailed heads, in the sub-head "Other Sorts," under the major or sub-head, unless special reasons exist for specifying it separately.

The details of trade with each country are shown in table 18, which is divided into 3 parts, 18-1 showing imports from each foreign country, 18-2 re-exports of foreign merchandise thereto, and 18-3 exports of Indian merchandise. Articles having a less value than Rs. 10,000 are not specified in this table.

In all tables where trade is shown according to countries, the countries included in the British Empire have been grouped separately from foreign countries. A complete list of all the countries, the trade with which is separately recorded, is attached to this note.

Part II.—Coasting Trade.—There are 11 tables in this part, in all of which the articles are arranged alphabetically. Table 1 gives the abstract total value of the trade of the Province as a whole. Table 1-A similarly shows the transactions of each port of the Province. Table 2 exhibits the total value of the trade of the whole Province with British ports in other Presidencies and within the Province, and Indian ports not British. Table 2-A shows in the

same way the trade of the subordinate ports. Tables 3 to 6 are abstracts of the trade of the chief port in each article, country and foreign produce being distinguished. Sub-heads and detailed heads, the aggregate value of which is less than one lakh of rupees, are lumped together in the major or sub-head as the case may be. When the total value of all the detailed and sub-heads under a major head is less than a lakh of rupees, it has been lumped with "All other articles" unmanufactured or manufactured, as the case may be. Tables 3-A, 4-A, 5-A and 6-A show the total value of trade of the sub-ports. Tables 7 to 10 detail the particulars of Imports and Exports of the Province of Sind with—

- (1) British ports in other Presidencies,
- (2) British ports within the Province,
- (3) Indian ports not British,

specifying those provinces under each article, the trade in which amounts to Rs. 10,000, the detailed or sub-heads with a smaller value being merged in the sub or major head, as the case may be.

Table 11 shows Imports and Exports of Treasure coastwise.

Part III.—Shipping.—Tables 1 to 9 contain particulars of the tonnage of vessels engaged in the foreign trade and tables 10 to 14 of vessels engaged solely in the coasting trade.

The total number and tonnage of vessels arriving from and clearing to foreign countries are given in table 1, while table 1-A shows separately the figures relating to the chief port which are included in table 1. Arrivals from and clearances to different countries are shown in tables 2 and 3. Tables 4 and 5 show the nationalities of the vessels engaged, while tables 6 and 7 show the tonnage of the vessels of each nationality engaged in the trade *with each country* during the year.

Vessels entering and clearing in ballast are shown in tables 8 and 9, the figures of which are not included in tables 6 and 7. The total tonnage of the shipping engaged in the coasting trade is shown in table 10, while the nationalities of the vessels employed in carrying cargoes from and to each maritime Province in India are given in tables 11 and 12. The numbers of vessels built and first registered at ports within the Province under the Indian Merchant Shipping Act are shown in tables 13 and 14, respectively.

Note.—The trade with different countries is shown for the last time according to the ports of shipment or discharge as declared in the bills of entry or shipping bills, and not according to the countries of consignment and final destination. From 1st April 1911, all compilations will be based on the countries of consignment and final destination.

SHIPPING.

Explanation of the manner of Registration of the vessels entered and cleared.—In the case of a vessel arriving from or clearing to more than one British Indian or foreign port (including foreign Indian ports), she is registered as follows :

In the case of a vessel arriving from—	Several foreign ports Several British Indian ports British Indian and foreign ports.	... She is shown as having entered from—	The first Foreign Port. The last British Indian Port. The last British Indian Port.
In the case of a vessel clearing to—	Several foreign ports Several British Indian ports British Indian and foreign ports.	... She is shown as having cleared to—	The last Foreign Port. The first British Indian Port. Do. do.

It should be mentioned that nearly all the vessels shown as having cleared for Egypt are vessels which merely call at Port Said "for orders" and are destined for various ports in Europe.

The tonnage recorded in these accounts is the "registered" tonnage of a vessel.

Definitions of the several classes of ships.—Separate figures are given for the following classes of ships :—

British. British Indian. Foreign. Native craft.

The above may be defined as follows :—

British.—Steamers and square-rigged sailing vessels, flying the British flag, and registered under the English Merchant Shipping Act of 1894 in any port in the United Kingdom or in a British Possession other than British India.

British Indian.—Steamers and square-rigged sailing vessels, flying the British flag, and registered under the Indian Merchant Shipping Act X of 1841, or other enactment* for the time being in force for the registration of ships in British India.

Native Craft—

(i) *British.*—Sailing vessels not square-rigged, flying the British flag, but not belonging to any ports in British India or in Native States.

(ii) *British Indian.*—Sailing vessels not square-rigged belonging to ports in British India or in Native States.

(iii) *Foreign.*—Sailing vessels not square-rigged flying a flag other than the British flag or that of a Native State.

Foreign.—Steamers and square-rigged sailing vessels flying a flag other than the British flag.

Note.—

His Majesty's ships of war, pleasure yachts, steam boats and launches, and vessels propelled only by oars are not included in the Shipping tables.

The particular nationality of all Steamers and square-rigged vessels falling under class "Foreign" is shown separately in the Foreign Trade only. In the case of Native Craft falling under Class (iii) Foreign, the figures for all nationalities are grouped together in the Foreign as well as the Coasting trade.

* Such as the English Merchant Shipping Act of 1894.
